

Activity Goals: The goals of the program are:

- 1) Recognize the new disease modifying drugs for the treatment of multiple sclerosis.
- 2) Describe new pharmacologic agents and treatments for diabetes mellitus.
- 3) Specify the key role of the pharmacist in improving medication adherence
- 4) Identify current treatment options for Lyme Disease.

Activity Type: Knowledge based

Continuing Education Credit: Continuing Education credit has been approved for **0.5 live continuing education units (CEUs)/5 contact hours of live continuing education.**

Program participants must sign in at registration and complete and return the learning assessment packet at the end of the program to receive credit for this activity. The learning assessment packet includes a participant form and program and individual speaker evaluations. Statements of credit will be mailed within three weeks after the program. No partial credit will be given.

Target Audience: Pharmacists, pharmacy students and pharmacy technicians. [This program is not ACPE accredited for pharmacy technicians; however technicians will receive statements of credit]

Statement of Disclosure: In accordance with ACPE Standards, ACPHS requires that speakers disclose any relationships that they may have with commercial interests whose products or services may be mentioned in their presentations.

The Vermont Pharmacists Association reserves the right to cancel a program due to unforeseen circumstances.

Albany College of Pharmacy and Health Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education
